CUSEC 2013

What's CUSEC

- **Canadian University Software Engineering Conference**
  but it's really more about 'computer people'
- **Student run**

- **Non-profit**

- **Montreal, 16-19 January 2013**

The Speaker Line-up is to die for...

Literally...

Previous years!

Every year, awesome speakers and **Great Talks**!

Richard Stallman

GNU/Linux

Alexis Ohanian

Reddit

Zed Shaw

Mongrel server / Learn X The Hard Way

Jeff Atwood

StackOverflow / Coding Horror

Confirmed so far for this year includes...

"Data Visualization Expert and Co-Developer of Processing"

Ben Fry

"Cryptographer, cracked Netscape Navigator"

Ian Goldberg

`Join http://goo.gl/BZ9zz`

and ...

"Ph.D Student from Carleton, thesis in Storytelling in Video Games"
Gail Carmichael

...How cool is that? C'mon, be inspired!

Make a friend? Or two? Or three?

Surrounded by over **400 like-minded students** from all **across Canada**!

Evening pub and games night's: sit back, relax and talk a bit of tech (...or not) with **peers**, **sponsors** and **speakers**.

Meet, network and bond with new people that you can add to your professional network! Perhaps personal too :P

Want a job?

Career fair with over **13 tech-industry companies wanting to bring you on their team**, it's a fact!

Sponsors include **Google**, **Microsoft**, **Shopify**, **SAP**, **Morgan Stanley**, **Amazon** and many more!

Pourquoi ?!?

The best student-run conference in the industry! Period.

rated **11**/10

Famous presenters have said that this is the best conference they've ever attended!
